Indicative sizes and materials — confirm with the packaging supplier. Pantone & varnish proofs required (lime prints duller in CMYK). Dielines to be built per supplier template.

Colour logic & print rules

MOCKUPS

منطق الألوان والطباعة

Lime = food

Boxes, bowls, wraps — anything that touches food.

Aubergine = premium & delivery

Bags, catering bags, cups, uniforms.

Ivory = utility

Sleeves, labels, napkins, paper — quiet, clean surfaces.

Apricot = flavour flag

One-off promos, limited bowls, sauces.

RULE 1

Crop the m on the base or the side — never behind the logo.

RULE 2

Logo on the biggest clear face; tagline only above 40 mm wide.

RULE 3

One colour block per item; max two inks + varnish.
